EN celebrated with brother Simon on his graduation. He is one of the beneficiaries of EN's sponsorship program and is a part of the EN Pastors' Network.

From when we gave out chicken last year at the EN Christmas Celebration, one of us has multiplied the one chicken to many now.

## We taught Crown's African Money Map

The Crown African Money Map was a collaborative effort of a group of people who live in Africa and are passionate about seeing the millions of self-sustained farmers and entrepreneurs in their continent become financially free! It is based on the North American "Money Map."

### Topics Covered

**The Journey Begins** - God calls me to go on a journey with Him. He has a perfect plan for me.

**Ownership** – God owns everything.

**Work** – Work is a blessing.

**Spending** – Understanding needs from wants and establishing a spending plan.

**Debt** – Understanding its negative impact.

**Saving and Investing** – Planning for the unexpected and the future, and self denial.

**Giving** – Learning the joy of giving and being generous.

**Knowing God** – The key of a heart transformation. God is a good God and has a plan for our lives.

**Honesty and integrity** - Creating a foundation based on integrity and honesty.

**Leaving a Legacy** – Planning to leave an inheritance for our children or our loved ones.

## We taught Crown's 'BIBLE ON MONEY'

Money is one of the most talked about topics in scripture but is rarely talked about in Church, even though it deeply impacts every person. Crown's Bible on Money program focused on 6 key principles and practices for money:

- Ownership – God's Part vs Our Part
- Biblical perspective of work
- Saving, spending and investing
- Debt
- Giving and generosity
- Integrity and honesty

On the 25th of August, two of our team members visited one of our pastors' saving groups that is located in Naluwala Kisoga, Mukono District, Uganda.

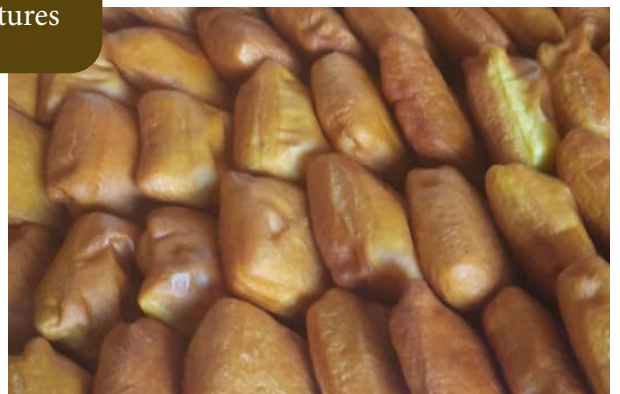

The purpose of this visit was to;

- Assess the state of the group.
- Conduct interviews with loan recipients.
- Understand the impact of the savings and loan program on their lives and ministries.

This was successfully achieved.

We sent a team to visit one of our Ministry Partners, Pr. Ssentamu Arajabu who recently lost his wife in the month of August. They prayed for and comforted him. Pr. Arajabu needs support in the area of evangelism to buy a public address system and a vehicle to use in the gospel crusades. He used to be a Moslem and at a young age then became a Christian and has been traveling around the country preaching the gospel. He has been attending our EN online classes. He feels a call to join politics so that he can serve his country better.

EN is supporting Jesus Cares Church in Tanzania to build a medical clinic facility in Shinyanga village. This clinic focuses on maternal and child health which remain a high need in that region. It will also work on Non-Communicable Diseases (NCDs), dental care, eye health, mental health services, general medical care and health care workers capacity building in that area.

## We supported a children's camp at Vivante Church in Kigali

They have 700 children who came for camp and EN provided tents where they can meet for Sunday school and provided them with school bags and supplies.

## We gave school bags to youth in the children's home in Kigali

As a ministry, God has opened a door for us to preach in the market place. Two banks and one financial service (SACCO) have opened up for us. Equity Bank and UBA and Kakoba Financial services. We carry a portable sound system that helps us do praise and worship and then we share the word of God. The Mbarara City Council has also opened for us every after 3 weeks and the Division Council too.

# NAAH REGEL MISSION-UGANDA. MONTHLY REPORT.

Beloved of the Lord, I greet you all in the name of our Lord Jesus Christ. I take great joy in bringing updates of what the Lord has been doing in and through our lives over the last month from my last newsletter.

## 1. Bible Study.

Bible study groups are thriving: in Kalelwe, market women are learning to live out scripture and prayer; at St. John's Makerere, members are completing The Walk of Repentance with gratitude for its insights; and among street youths, the gospel is bringing hope and grounding them in God's story of redemption.

## 2. Women's sewing Class

They have been training on how to make backpacks and laptop bags which they hope to turn into a business venture as they market the products.

## 3. Discipleship

We have been reaching out to the youths living on the streets and one of the urgent matter was finding some of them shelter where they could stay as they start looking for work to do and transform their lives. This is a promising step we hope will help the boys to turn to Christ with hope for the future and to share this hope with their peers.

## 4. Ministry Updates

We traveled to Mbale for mission after long time. The Lord brought to Himself over 300 souls and then they were handed over to a local church.
